

Y NOW!

A Renewed Campaign for Hillsborough YMCA

WELLNESS & WELCOME CENTERS

At the Hillsborough YMCA, it all begins with **WELLNESS** and a **WELCOMING** facility for our current and future members, and everyone who enters our doors.

The **WELLNESS CENTER** is at the heart of the plans for the Hillsborough YMCA. The renovations and expansions will better serve individuals of every age and ability, as well as families and the community, by providing more opportunity for everyone to build a healthy spirit, mind, and body.

The new Wellness Center will:

- Include a new layout that's more open and functional
- Offer twice the space of the current Wellness Center
- Feature modernized, state-of-the-art fitness equipment
- Be fully accessible

The **WELCOME CENTER** sets the tone for all the exciting and inspiring programs, services, and activities at Hillsborough YMCA. The renovated space is designed to bring people together, to foster connections, and strengthen community.

Features of the new Welcome Center include:

- A brighter, warmer, and more inviting aesthetic to promote social interaction
- Better flow for enhanced accessibility
- Upgraded lighting
- New flooring
